

LUX

REVIVING PROTECTIVE WAX FOR PARQUET

Lux is a wax in water emulsion suitable to refresh and protect dull and worn wooden floors and to create a protective layer after a lacquer or oil finishing. It is particularly recommended for periodical maintenance of lacquered or oiled parquet, both neutral and colored. It does not leave marks.

The product can be also used to maintain granite, PVC, rubber, linoleum floorings, etc.

Available in semi glossy and matt versions.

Technical data

| Physical characteristics (20°C – 60% R.H.) | | | |
|--|----------------------------------|-------------------------|-------------------------|
| Aspect | Milky liquid | Specific gravity | 1,00 gr/cm ³ |
| Viscosity (FORD 4) | 10" | | |
| Ratio & times (20°C – 60% R.H.) | | | |
| Light traffic | About 1 hour | Dilution | Up to 1:1 with water |
| Polishing | About 1 hour | | |
| Technical characteristics (20°C – 60% R.H.) | | | |
| Consumption | ~ 50 -80 m ² /lt | Application temperature | > + 10°C |
| Storage & Labeling | | | |
| Storage in original closed packaging | 24 months Protect from freeze | Symbols of risk | NONE |
| Packaging | Bottle of 1or 5 liters | | |

Application

- ✓ Remove dust and dirt from the surface with a mop or a vacuum cleaner
- ✓ Wash with a suitable detergent (Pulito Parquet, Deteroil, Saniparquet) and let the floor dry
- ✓ Dilution: if necessary the wax can be diluted with water up to a ratio of 1:1
- ✓ Uniformly spread the wax with a soft well wrung cloth soaked of product. Rinsing is not necessary
- ✓ After 1 hour, polish with a dry mop or with a polishing machine if the semi glossy Lux has been applied. There is no need of polishing with the matt version

Lux polish can be also applied with Cinderella spray mop, diluting the product with water 1:1.

Notes

- ✓ In order to remove previous layers of Lux, use a detergent (Pulito Parquet, Deteroil)
- ✓ Shake well before use
- ✓ Do not exceed in the concentration and quantity applied
